Mission-Driven

Taiwan Adventist College, the only Chinese-instruction institution within the global Seventh-day Adventist education system and fully accredited by AAA, is committed to nurturing Christ-centered, mission-driven young leaders. Rooted in our vision of holistic education—mind, body, and spirit—we equip students to grow academically, culturally, and spiritually. Our Chinese Language Program is built on biblical values, designed not only to develop strong communication skills but also to inspire students to serve, share hope, and expand Chinese-speaking gospel ministry worldwide.
